I have a friend who lives in Mexico. Her name's Rosa, and she's a receptionist in a hotel in the city centre. She's 21 years old. She studies English in her free time, because she wants to learn it for her job and to travel. She has a big family. She has three brothers and a sister. Her father is a builder and her mother is a housewife. Her brothers and sister are at school. She likes music, cinema and sport, and she often watches football on TV with her family.
